

## TABLE OF CONTENTS

	Page
The Keck Geology Consortium William T. Fox, Williams College.....	10
The Garden of the Gods and Basal Phanerozoic Nonconformity in and near Colorado Springs, Colorado Jeffrey B. Noblett, Andrew S. Cohen, Eric M. Leonard, Bruce M. Loeffler, and Debra A. Gevirtzman, Colorado College.....	13
<u>Pleistocene and Holocene Carbonate Systems, Bahamas:</u>	
San Salvador Island, Bahamas: A Natural Laboratory for the Study of Carbonate Sediments and Rocks--Part II H. Allen Curran and Brian White, Smith College Roger D. K. Thomas, Franklin and Marshall College.....	18
Marine Bioerosion and Community Organization on Carbonate Hard Substrates of San Salvador Island, the Bahamas Celinda E. M. Brandt, The College of Wooster.....	23
Paleoecological Significance of Size-Frequency Distributions of Shells of Arcoid Bivalves from Modern Sediments of San Salvador Island, Bahamas Lorin Ferdinand, Franklin and Marshall College.....	27
Fossil Molluscan Assemblages and Paleodepositional Environments of Quarry "A," San Salvador, Bahamas Nardos Fessaha, Smith College.....	30
Marine Boring of Carbonate Hard Substrates on San Salvador Island, the Bahamas Terry D. Lahm, The College of Wooster.....	32
Patterns of Carbonate Sediment Production and Distribution on Patch Reefs in San Salvador, Bahamas Elizabeth C. Marrack, Williams College.....	36
Lucinid Shell Distributions and their use in the Recognition of Distinct Taphofacies, San Salvador Island, Bahamas Thomas Olszewski, Franklin and Marshall College.....	40
<i>Halimeda</i> Species Distribution and Sediment Contribution in Shallow-Water Marine Environments of San Salvador Island, Bahamas Shannon M. Parsons, Beloit College.....	44
Effects of Sea Level Rise on the Diagenesis of Quaternary Carbonate Eolianites of San Salvador Island, Bahamas Kathleen White, Smith College.....	48
<u>Crustal Evolution of Early Proterozoic Rocks, Central Colorado:</u>	
Investigations of the Proterozoic Geology of Central Colorado Shelby J. Boardman, Carleton College Reinhard A. Wobus, Williams College.....	54
Petrology and Geochemistry of a Proterozoic Metadiorite from Little Cochetopa Creek, Central Colorado Sarah Gramlich, Carleton College.....	58

Proterozoic Metamorphic Conditions of Central Colorado: Pressure and temperature constraints from thermometry and pelitic mineral assemblages Kimberly A. Hannula, Carleton College.....	62
Petrology and Geochemistry of the Ptarmigan Basin Pluton, Chaffee County, Colorado Karin L. Johnson, Williams College.....	66
Xenoliths of the Ptarmigan Lake Pluton, Buena Vista, Colorado Rebecca K. Mellinger, The College of Wooster.....	73
A Petrologic and Geochemical Analysis of the Mica Schists of the Ptarmigan Lake Area, Central Colorado Matthew W. Owens, The College of Wooster.....	77
The Geochemistry and Petrology of Ptarmigan Lake, Colorado Stephanie E. Pulaski, Franklin and Marshall College.....	83
A Geochemical Analysis of Mafic Rocks around Salida, Colorado Keith S. Schembs, Whitman College.....	87
Early to Mid-Proterozoic Volcaniclastic Sediments, Tuffaceous Flows, and Basaltic Komatiite Flows from the Cochetopa Accretionary Terrane, Little Cochetopa Creek, Central Colorado Margaret W. Staub, Colorado College.....	95
<u>Ancient Geography and River Hydraulics, Eastern Montana:</u>	
Early Paleocene Fluvial Sedimentology, Paleobotany, and Paleomagnetism Edward S. Belt, Amherst College.....	100
A Magnetic Susceptibility Study of the Fort Union Formation, Western Williston Basin, Southeastern Montana Dan McCarthy, Franklin and Marshall College.....	105
Petrographic Analysis of the Tullock Member of the Paleocene Fort Union Formation in the Powder River Basin, Southeastern Montana Genga T. Nadaraju, The College of Wooster.....	109
A Paleomagnetic Study of Clinkers from the Williston Basin, Southeastern Montana David F. Parse, Jr., Franklin and Marshall College.....	113
Regional Correlation of the Carbonaceous Shale and Lignite Coal Deposits, Lower Lebo Member, Fort Union Formation (Paleocene), Southeastern Montana Susan E. H. Sakimoto, Whitman College.....	117
Deposition Environments and Possible Source Areas for the Fort Union Formation, Southeastern Montana Sharon Stern, Carleton College.....	121
A Comparison of Leaf Fossils from Upper Lebo and Lower Tongue River Members of the Fort Union Formation (Paleocene) near Locate, Southeastern Montana Valerie Tamm, Amherst College.....	124
<u>Delineation of Aquifer Geometries, Connecticut Valley, Massachusetts:</u>	
Delineation of Aquifer Geometries, Connecticut Valley, Massachusetts, using Geophysical Techniques H. Robert Burger, Smith College.....	130

A Geophysical Study of Water Table Elevations, Great Pond Area, Hatfield, Massachusetts Robert E. Andrews, The College of Wooster.....	134
Shallow Seismic Reflection as applied to Ground Water Surveys Rowland Cromwell, Carleton College.....	138
An Investigation of Two Seismic Techniques: Refraction and Reflection in the Shallow Subsurface of the Connecticut River Valley, Massachusetts Lawrence D. Meckel, III, Williams College.....	142
Applied Geophysical Study of the Connecticut River Floodplain near Northampton, Massachusetts Todd M. Reichart, Franklin and Marshall College.....	145
The Connecticut Valley Seismic and Resistivity Study Sis Tiernan, Smith College.....	149
<u>Burntside Lake Fault Zone, Minnesota-Canada:</u>	
Geology of Archean Rocks, Basswood Lake - Crooked Lake Region, Northern Minnesota - Southern Canada Henry H. Woodard and Stephen G. Weaver, Beloit College.....	154
Petrology and Structure along the Basswood Trace of the Burntside Lake Fault, North-East Minnesota Stina Booth, Whitman College.....	157
The Burntside Lake Fault Zone: A Study of two Faults in Basswood Lake Karen Ruth Font, Smith College.....	160
Petrographic and Structural Interpretation of Displacement along the Burntside Lake Fault Zone, Basswood Lake Area, Northern Minnesota Gerald "Chip" W. Johnson, Beloit College.....	165
Petrography and Geochemistry of Metamorphic Rocks along the Southeast Block, Pipestone Trace, Burntside Lake Fault Zone, Boundary Waters Canoe Area, Northern Minnesota Timothy I. Metz, Colorado College.....	169
Fracture Analysis of the Pipestone Trace, Boundary Waters Canoe Wilderness Area, Minnesota Lora Stevens, Pomona College.....	173
Aerial Photo Lineament Analysis of a Portion of the Burntside Lake Fault Zone, Boundary Waters Canoe Area, Northern Minnesota, and Quetico Provincial Park, Southern Ontario Charles W. Tremper, Beloit College.....	179
<u>Water Quality and Lithology, Minnesota-Ontario Boundary:</u>	
The Influence of Lithology on the Color and Quality of Surface Waters along the Northern Minnesota-Ontario Border: a test of a hypothesis. Richard C. Stenstrom, Beloit College.....	184
Trophic Relationships in Lake Waters of the Northern Minnesota/Southern Canada Boundary Region Rani M. Arbo, Amherst College.....	187

Clastic Sediment Elemental Chemistry Determination using X-Ray Fluorescence Spectrometry Cathy Inman, Carleton College.....	191
A Comparative Study of Juxtaposed Lake Systems Underlain by Differing Bedrock along the Minnesota-Ontario Border Eric H. Miller, Amherst College.....	195
Chemistry and Organic Productivity in Lakes of the Boundary Waters Canoe Area Wilderness - Quetico Provincial Park, Minnesota - Ontario Benjamin M. Morris, Williams College.....	199
The Lithological Influence upon Lake Chemistry in the Crooked Lake Region of Northern Minnesota and Southern Ontario David A. Nemetz, Beloit College.....	203
Chemical, Physical and Biological Impacts on Sandpit Lake in the Boundary Waters Canoe Area Wilderness Sonja Wolter, Carleton College.....	208
<u>Metamorphism in the Chester Dome, Vermont:</u>	
Metamorphism in the Chester and Athens Domes, Southeastern Vermont Paul Karabinos, Williams College.....	214
Kinetics of Crystal Size Variation in Regionally Metamorphosed Rocks from Rockways Mills, Vermont Neena Bashir, Amherst College.....	218
Geochemistry and Tectonic Origin of the Barnard and Shaw Mountain Amphibolites, Vermont William Carroll, Colorado College.....	223
Metamorphism and Geothermobarometry of High-Alumina Hoosac and Pinney Hollow Formation Schists in the Star Hill Sigmoid, Chester Dome, Vermont James L. Crowley, Amherst College.....	227
Geochemical Characterization of the Acadian Orogeny in the Chester Dome Region, Vermont Joel Davidow, Amherst College.....	232
Compositional Variations in the White Micas of the Bull Hill Augen Gneiss, the Chester and Athens Domes, Vermont Eileen Heady, Beloit College.....	236
The Bull Hill Gneiss: Field, Petrographic and Chemical Characteristics of a Proterozoic Augen Gneiss in Southeastern Vermont Mark Meagher, Williams College.....	239
Polymetamorphism in the Cavendish Outlier, Chester Dome, Vermont Stephen M. Ritz, Williams College.....	243
The Nature of the Albite Porphyroblasts in the Hoosac Schist, Chester Dome, Vermont Libby Stern, Pomona College.....	247
